

THANKSGIVING LEAVES

Print out the leaf outlines and cut along the edges.

Write things you are thankful for on each individual leaf, then tape to a wall, door, or window.

You can use this as a party activity or a Thanksgiving Day event. You could also gradually write on your leaves in the weeks leading up to the holiday.

Regardless of when you create your **Thanksgiving Leaves**, it can be especially fun to read them all aloud at the Thanksgiving table so family and friends can share the many things you all have to be thankful for!

***"Oh, give thanks to the Lord, for He is good!
For His mercy endures forever."***
